## **Life is Beautiful**

La bellezza è spesso faintesa come superficiale e limitata all'apparenza, irrilevante rispetto alle sfide poste dal nostro tempo. Per noi, tuttavia, la bellezza è esattamente l'opposto: una qualità profonda, carica di significati, compreso il guardare al futuro con fiducia.

La bellezza è nella natura che vive e si trasforma, è nei momenti che trascorriamo insieme a chi amiamo, nell'appagamento che proviamo quando sentiamo che tutto è esattamente come dovrebbe essere.

La bellezza è sapere che ci stiamo impegnando per salvaguardare il mondo per le generazioni future.

È quello che ci motiva a creare spazi e soluzioni per il project of living. La bellezza è molto più che estetica: è versatile, generosa, avvolgente. La bellezza è nella vita.

Beauty is often misunderstood as superficial, about appearance, something secondary to today's challenges. To us, however, it is exactly the opposite: a deep and rich quality that encompasses our hope for the future.

Beauty is a thriving ecosystem, a moment relaxing with loved ones, the satisfying feeling of things falling into place, a world that can be passed down to the next generation.

It's what motivates us to make spaces and solutions that serve the project of living. Beauty is more than aesthetic: it is versatile, generous, and enveloping. Beauty is living.

Un meccanismo integrato che consente un movimento sincronizzato favorisce l'inclinazione dello schienale, alleviando la pressione sulla zona lombare, senza alterare la continuità e l'eleganza del profilo. Avvolgente ma snella, l'atraente silhouette di Catifa Sensit sostiene il corpo ergonomicamente, pur accogliendolo con le sue forme fluide.

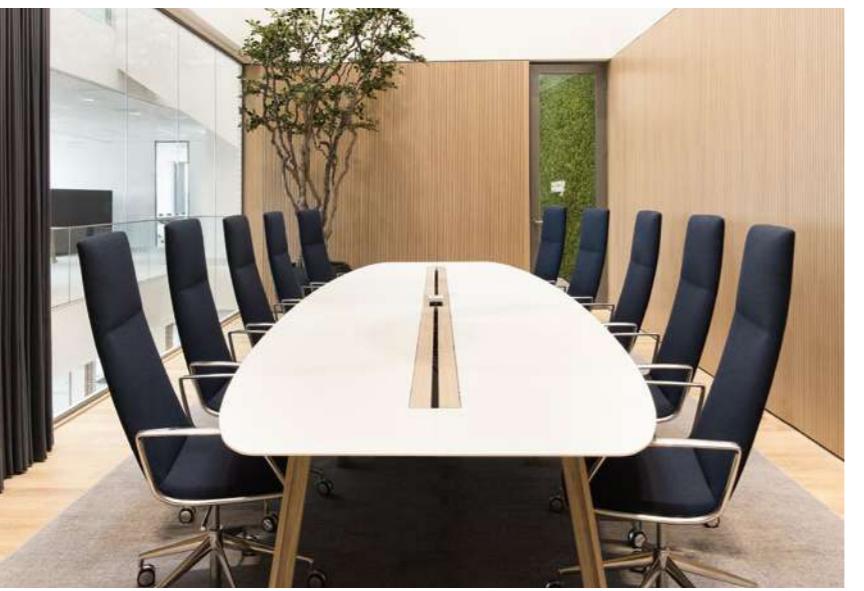

Awards:

Catifa Up prende ispirazione da Catifa 53, oggi icona del design intramontabile, distinguendosi grazie ad uno schienale più alto e braccioli opzionali. La linea armoniosa e curva della seduta e il raffinato profilo sono ottenuti riducendo il superfluo senza perdere in sensualità, in un innovativo processo produttivo, brevettato da Arper, capace di sintetizzare concept e design.

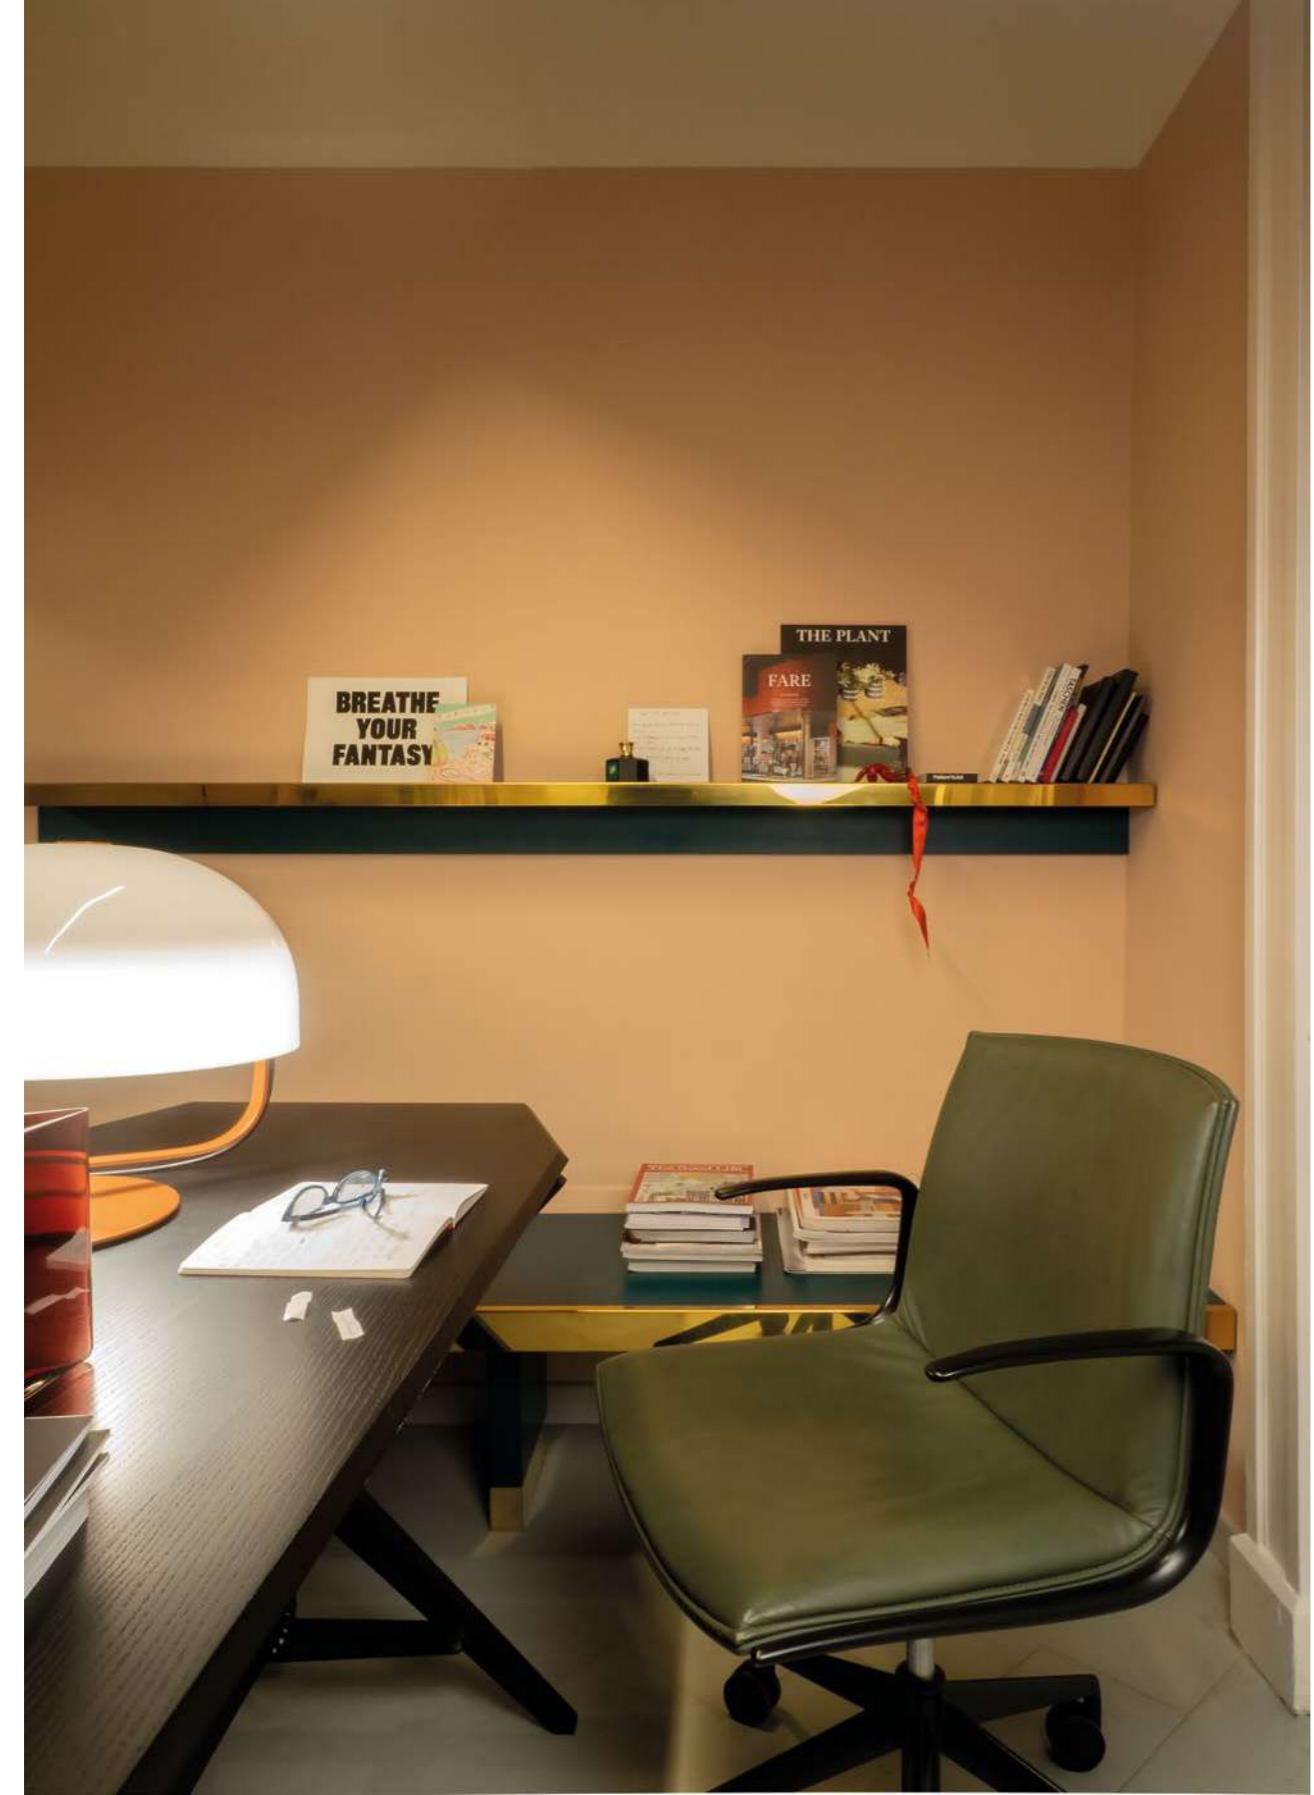

Awards:  
IF Design Award 2015, Germany

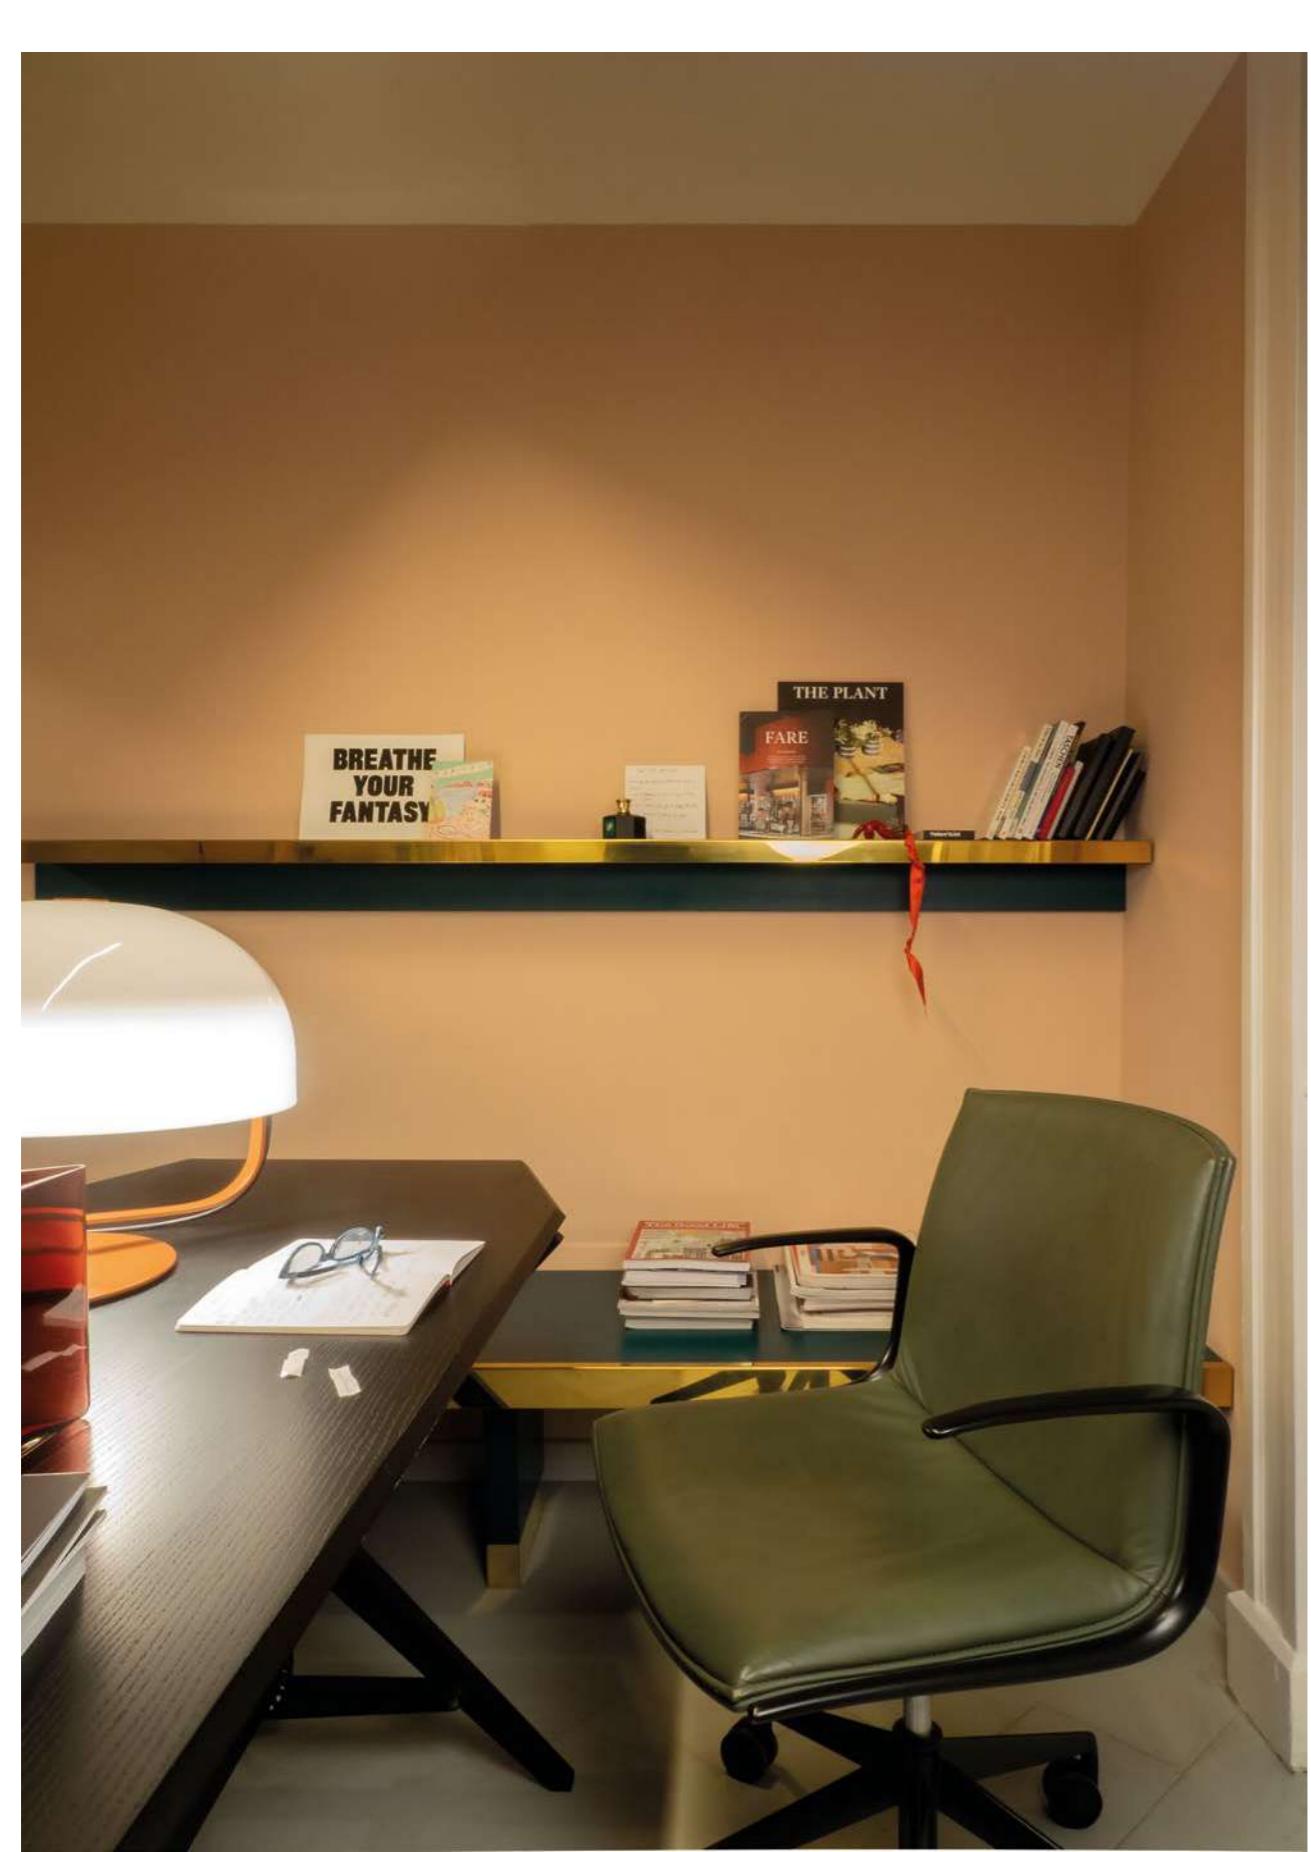

As much a part of Arper's identity as it is a testament to enduring design, Catifa 53, that inspired Catifa Up, is the piece that started it all. Featuring a higher backrest and optional armrests, Catifa Up's graceful curves and sleek, sensuous silhouette are achieved through an economy of materials — and an exclusive manufacturing process pioneered by Arper to synthesize concept, form, and production.

Cila

Un gesto semplice, una sensazione suggestiva. Le linee fluide di Cila richiamano l'immagine degli abiti in tessuto, che uno sull'altro avvolgono il corpo. La morbida silhouette svela la propria personalità nella particolarità delle curve, evocando una primordiale immagine di rifugio. Come quando ci si sente protetti, abbracciati.

Awards:  
IF Gold Award 2019, Germany

A simple gesture, a sensuous feel. The fluid form of Cila was inspired by the image of layers of cloth enveloping the body. Its silhouette of smooth lines retains a graphic character from its distinctive curve — the most essential symbol of shelter.

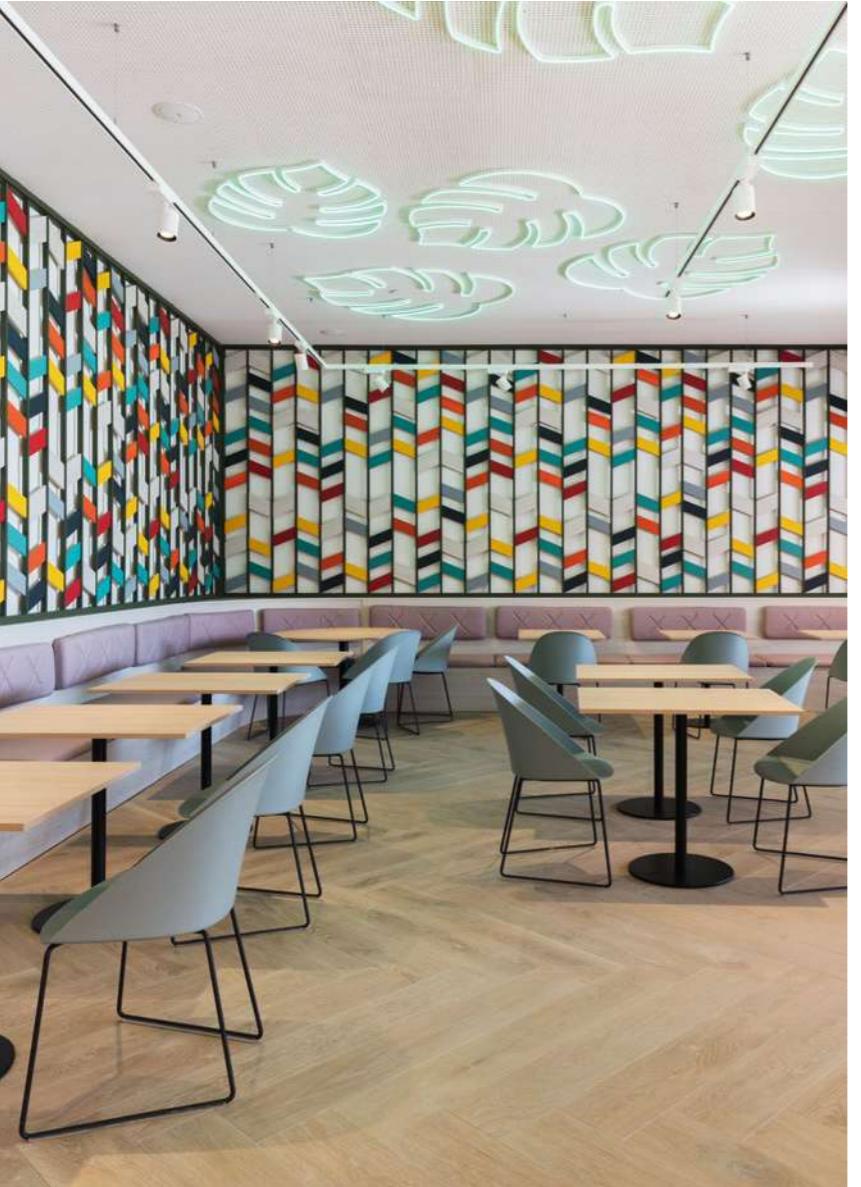

Like being protected, like being held.

Delicata e avvolgente come un fiore, la linea di Duna 02 è evocativa e contemporanea.

Nata nel 2000, il suo carattere iconico la rende ancora oggi un classico del design, che si presta a essere continuamente reinventato. Oltre alla nuova lavorazione della scocca in polipropilene, anche in versione ecosostenibile, Duna 02 è ora realizzata in una serie inedita di colori, con un profilo sottile e slanciato, curve delicate e una finitura più sofisticata.

# DUNA 02

Like a soft, enveloping flower, the shape of Duna 02 is evocative and contemporary.

Born in 2000, its iconic silhouette still sets it apart as a design classic, ripe for reinvention again and again. New plastic shell fabrication, available in a new range of colors in polypropylene and in sustainably-made shell, allows for a thinner, sleeker profile, a more delicate curvature and more sumptuous surface.

Juno 02 embodies new possibilities for plastic with a whisper, not a shout. In 2012, Juno redefined the plastic chair with the minimal gesture of its slim silhouette. Now, years later, Juno 02 reimagines this enduring expression in sustainable plastic and a new palette inspired by the natural world. At once elegant and efficient, simple and sleek, its subtle texture and finish bring refined materiality to the classic form.

Leggera nella forma e delicata con l'ambiente, Kata si ispira a principi di sostenibilità, attraverso una progettazione che guarda all'economia circolare. Prima sedia lounge di Arper in legno massello, Kata evoca la sedia della tradizione, in legno e paglia intrecciati, reinterpretandola con l'impiego di soluzioni contemporanee e sostenibili. Kata coniuga calore e purezza grafica, in una giustapposizione tra la presenza nello spazio e un profilo minimale, sospesa tra forza e delicatezza, tradizione e tecnologia.

Lightweight in form and environmental footprint, Kata is designed with circular sustainability at its core. Arper's first solid wood lounge chair, Kata takes inspiration from artisan-made wood and woven straw chairs and reimagines the near universal typology using contemporary, sustainable solutions in an expression that's both graphic and warm. Kata finds form in juxtaposition—an evocative gesture in the movement between material presence and minimal silhouette, softness and strength, tradition and technology.

Sottili allusioni alle imperfezioni della natura danno vita a silhouette sinuose e iconiche:  
dalle forme delle superfici — simili a sassi levigati dall'acqua — all'irregolarità del  
disegno nelle strutture, che ricordano i rami di un albero o la nervatura di una foglia.

Leaf è un manifesto: un'immagine allo stesso tempo nostalgica e avveniristica.

Subtle allusions that capture the pleasing irregularity of nature create comfortable and iconic surfaces and silhouettes: in the shape of the table tops — similar to the shape of a pebble polished by the water — and in the particularity of the structures, displaying an irregular design reminding of the branches of a tree or a leaf veins.

Leaf is a manifesto: an image simultaneously nostalgic and forward thinking.

Come il disegno di una sedia fatto da un bambino, Norma esprime la sua stessa essenza: semplicità, leggerezza, linearità. La sua purezza formale è rallegrata da colori vivaci, materiali naturali, dettagli freschi e cuciture a vista. Originariamente progettata in pelle, la collezione propone oggi modelli imbottiti con gambe in metallo o impiallacciate che ne ampliano scelta e utilizzi.

Norma

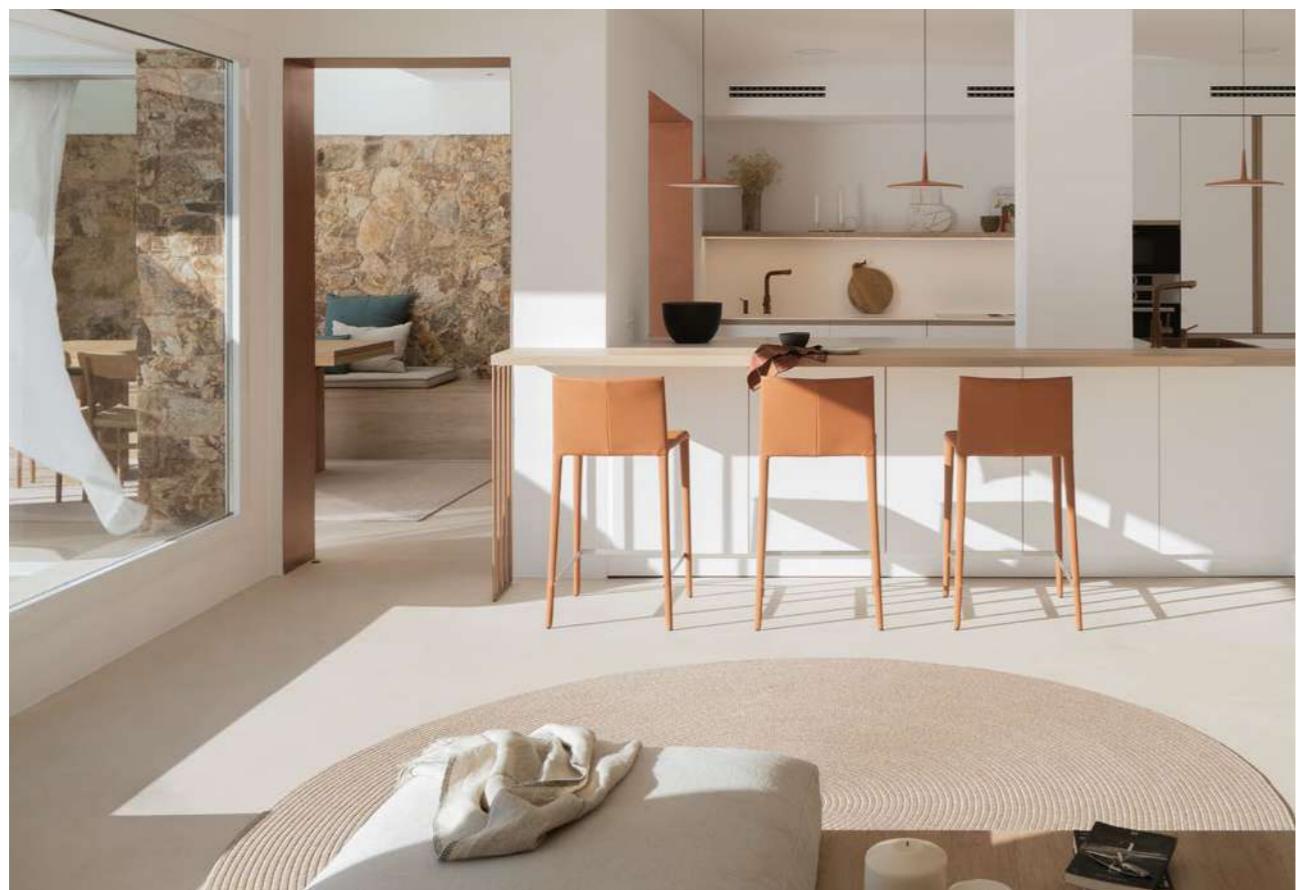

Awards:  
Red Dot Product Design Award 2007, Germany

Like a child's drawing of a chair, Norma is reduced to its essence: stark, lightweight, polished. This formal purity is leavened by vibrant colors, natural materials, lively details and topstitching. Originally conceived in leather, it also includes upholstered models and durable metal or veneered legs that extend its range and use.

Forte e pacata, Planesit condivide con Kinesit l'intuizione della tecnologia invisibile e il comfort, offrendo una declinazione tutta nuova del concetto di ergonomia. L'aggiunta di un ampio bracciolo, che funge anche da piccolo scrittoio, accresce la funzionalità della sedia in modo naturale. L'intersezione sullo schienale dei piani orizzontale e verticale richiama i giochi geometrici e i grafismi caratteristici ripresi da molti artisti del Ventesimo secolo.

Planesit

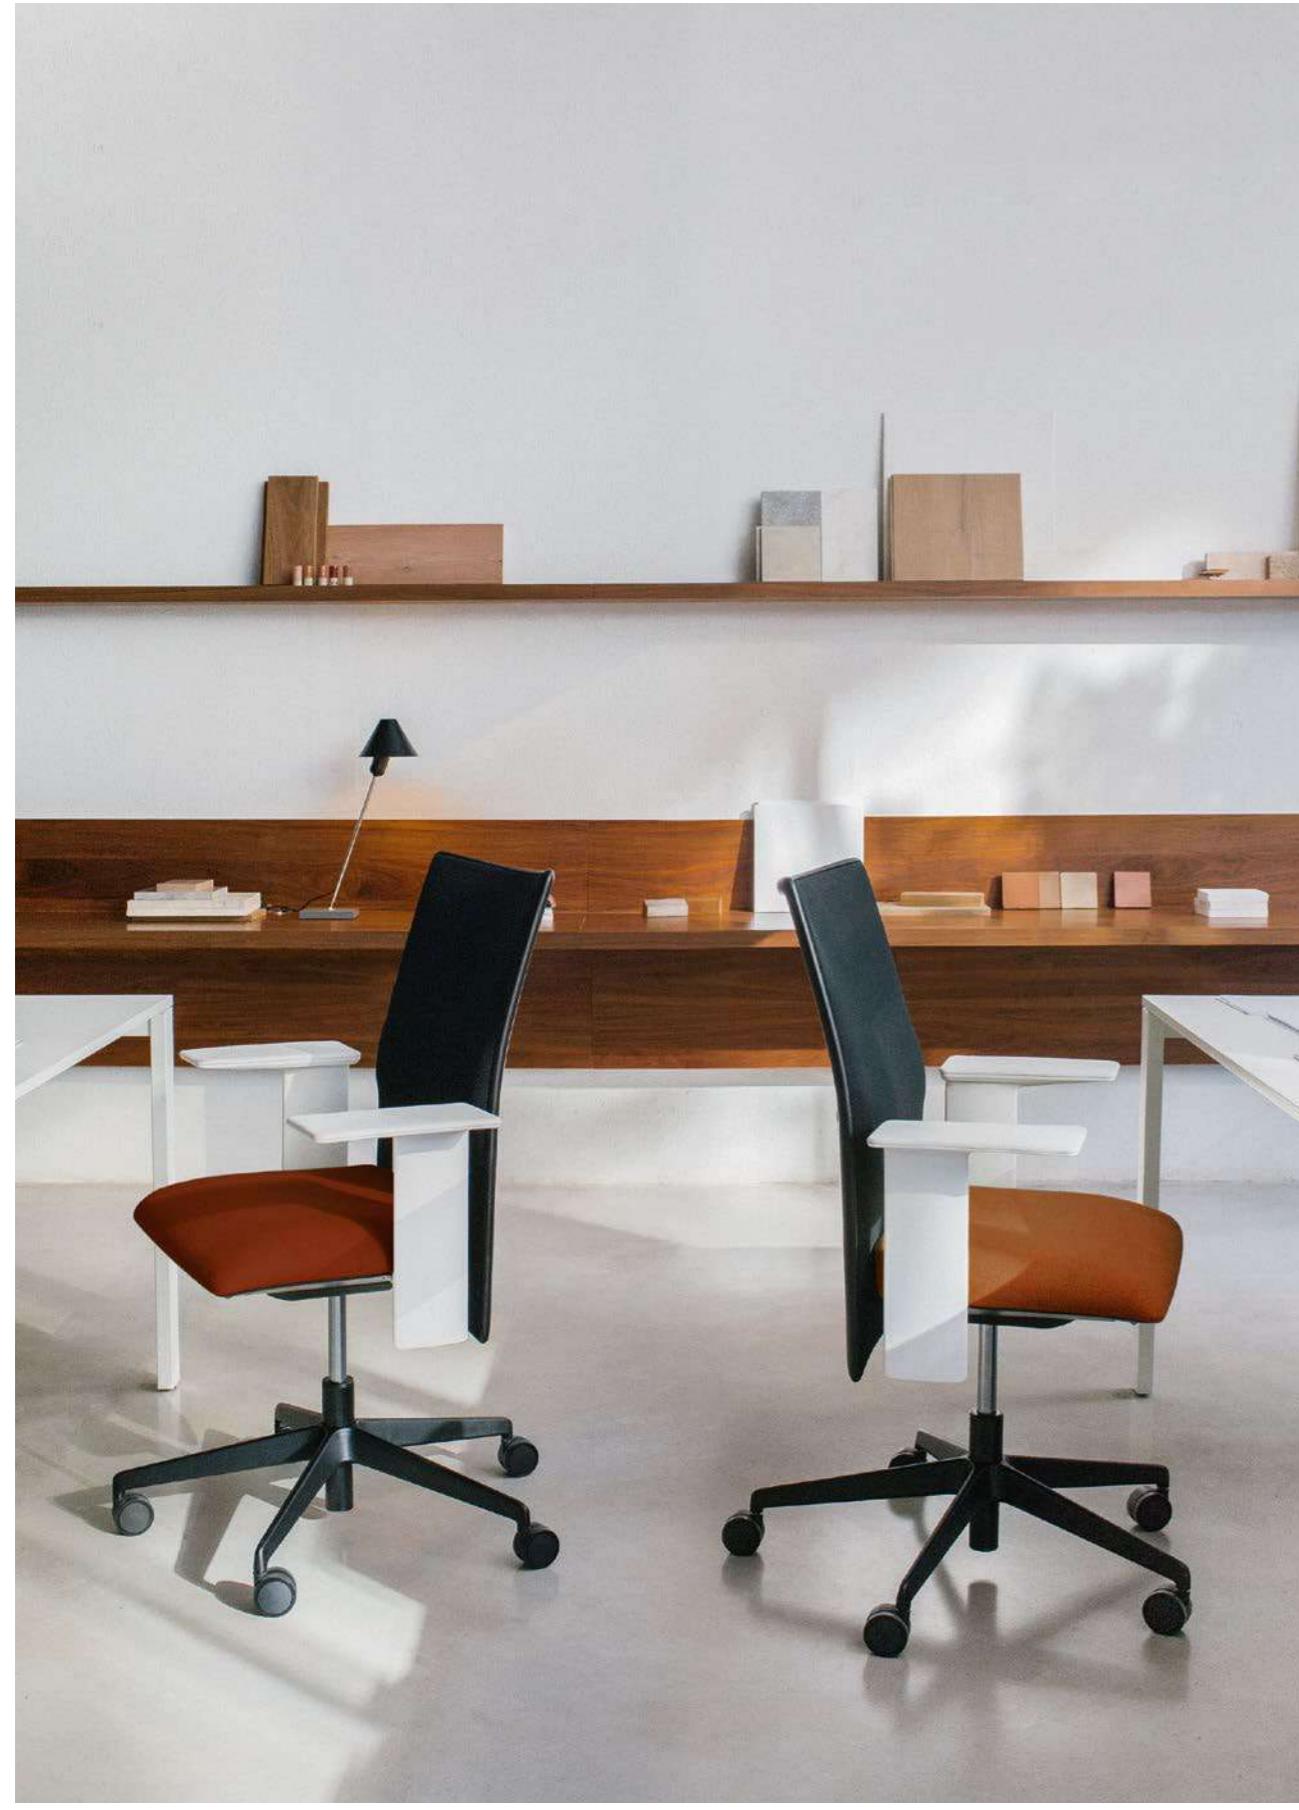

Strong and serene, Planesit adds to Kinesit's intuitive, built-in technology and superlative comfort, and offers a new, accessible expression of ergonomic support.

The addition of a wide armrest serves as a small writing tablet and enhances the chair's effortless functionality. Visually, the intersection of Planesit's horizontal and vertical planes telecasts playful geometry inspired by graphic paintings of the 20th century.

Con i suoi piani triangolari e la sua natura modulare, Ply è un sistema di tavolini e sgabelli che traduce in un'unica forma le linee fluide del legno. Progettato come un segno continuo che dal piano prosegue fino alla base, combina il calore del materiale a una forma dinamica e a un profilo minimale. Da solo oppure in gruppo, grazie alla divertente geometria delle sue superfici, Ply è come il gioco del Tangram, dove forme e colori si uniscono in composizioni imprevedibili.

Ply

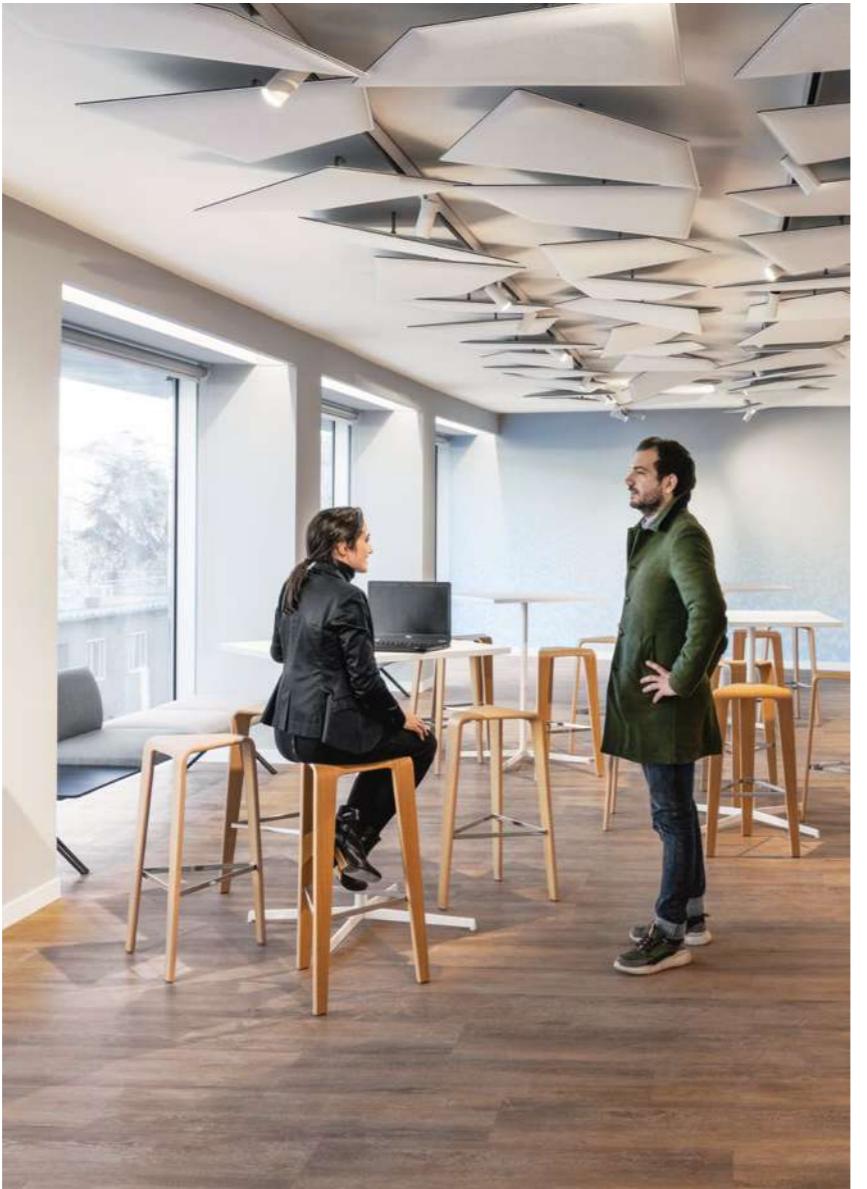

Triangular in form and modular in nature, Ply is a system of low tables and stools rendered in fluid lines of wood. Engineered to create a continuous line from top through legs, its reduced silhouette and warm material complement its dynamic form. Alone or in groups, Ply's playful geometry of surfaces is like the game of Tangram, where shape and color work together to create open compositions.

Prestazioni elevate con una gestualità silenziosa per l'evoluzione della sedia impilabile. La collezione Stacy prende spunto dall'architettura classica, con colori che evocano la matericità — mattone, ruggine, pietra arenaria, marmo, ferro — per un risultato visivo e formale di grande leggerezza. Discreta e raffinata, l'estetica sofisticata di Stacy arricchisce il panorama delle sedute modulari.

High performance in a quiet gesture, the stacking chair has grown up. Una forma classica, rivisitata. La collezione Arcos reinterpreta con discrezione il fascino geometrico dello stile Art Déco, riducendolo all'essenziale. Leggera e sobria, Arcos evoca l'elegante ritmo degli archi utilizzati nelle architetture classiche, grazie al segno grafico dei braccioli in alluminio che richiamano due curve appaiate.

Arcos

Awards:  
#MetropolisLikes 2017, USA • Archiproducts Design Awards 2017

A classical form, repeated. The Arcos collection is a restrained interpretation of Art Deco's geometric glamor — without the ornamentation. Though lightweight and quiet, Arcos maintains a graphic presence due to its signature cast aluminum armrests that form twin curves evoking the elegant rhythm of archways in the corridors and walkways of classical architecture.

Stilizzato nella forma, quasi architettonico nell'effetto, questo sistema crea aree di attesa, di riposo e di incontro negli ambienti più ampi, mentre a casa può modularsi in spazi più o meno compatti a seconda delle esigenze.

Awards:

Loop is a modular system of soft sofa elements that combine in short clusters or long, flowing lines as unique and expressive as a signature. While graphic in form and silhouette, the overall effect is almost architectural. In large spaces the linear form inscribes areas for waiting, resting and meeting. Sottili allusioni alle imperfezioni della natura danno vita a silhouette sinuose e iconiche:  
dalle forme delle superfici — simili a sassi levigati dall'acqua — all'irregolarità del  
disegno nelle strutture, che ricordano i rami di un albero o la nervatura di una foglia.

Leaf è un manifesto: un'immagine allo stesso tempo nostalgica e avveniristica.

# LEAF TABLE

Subtle allusions that capture the pleasing irregularity of nature create comfortable and iconic surfaces and silhouettes: in the shape of the table tops — similar to the shape of a pebble polished by the water — and in the particularity of the structures, displaying an irregular design reminding of the branches of a tree or a leaf veins.

Leaf is a manifesto: an image simultaneously nostalgic and forward thinking.

L'equilibrio tra funzionalità e bellezza trova la sua espressione più elegante in Oell. Questo tavolino scultoreo che si slancia a partire da una robusta base cilindrica, ispirata dalla forza e dalla consistenza della pietra, è progettato per essere a suo agio in ogni spazio. Lo stelo asimmetrico e il top a sbalzo del tavolo Oell si protendono con disinvolta verso la poltrona o il divano, offrendo una superficie comoda e confortevole per lavorare, leggere o cenare. Essenziale nella forma e ricercato nell'espressione materica, Oell è delicato ma pieno di carattere, una presenza puntuale e mai invadente.

Oell

The equilibrium between utility and beauty finds elegant expression in Oell.

This sculptural side table balances on a cylindrical base as smooth and substantial as a stone. Designed to serve in all settings, Oell's offset leg and cantilevered table top nestle astride an armchair or a sofa, presenting a convenient, comfortable surface for working, reading, or dining. Essential in form and exquisite in material expression, Oell is quiet but full of character, always at the ready and never in the way.

Come negli origami la carta viene piegata per creare delle forme, così in Onemm un singolo foglio di acciaio viene piegato per dare vita a un tavolo snello e scultoreo.

Sorprendentemente sottile e leggero, Onemm trasforma il tavolo in un gesto, traccia la linea di un profilo che ne esalta la vera essenza.

Il risultato è un tavolo puro e pulito, senza tempo ed elegante.

Perfetta sintesi di delicatezza e forza, Onemm sembra creato da pura magia.

Awards:  
Designer Awards 2022, UK

Like origami creations that fold paper into form, Onemm bends a single sheet of steel into a slender, sculptural table. Incredibly thin and light, Onemm radically dematerializes the table with a minimalist gesture, tracing the form's line to find its very essence.

The result is a table that's pure and clean, timeless and elegant. At once strikingly thin yet sturdy and sound, Onemm appears created through sheer magic.

Con i suoi piani triangolari e la sua natura modulare, Ply è un sistema di tavolini e sgabelli che traduce in un'unica forma le linee fluide del legno. Progettato come un segno continuo che dal piano prosegue fino alla base, combina il calore del materiale a una forma dinamica e a un profilo minimale. Da solo oppure in gruppo, grazie alla divertente geometria delle sue superfici, Ply è come il gioco del Tangram, dove forme e colori si uniscono in composizioni imprevedibili.

Triangular in form and modular in nature, Ply is a system of low tables and stools rendered in fluid lines of wood. Engineered to create a continuous line from top through legs, its reduced silhouette and warm material complement its dynamic form. Compagni affidabili. Solidi ma al tempo stesso leggeri, i tavolini Saul sono il complemento ideale per tutti i divani e gli arredi delle collezioni Arper. Un ampio piano poggia delicatamente su quattro gambe inclinate, coniugando solidità e leggerezza. Le finiture del piano — nelle varianti marmo o vetro fumé serigrafato — donano una presenza materica alle forme aggraziate di questa collezione.

Saul

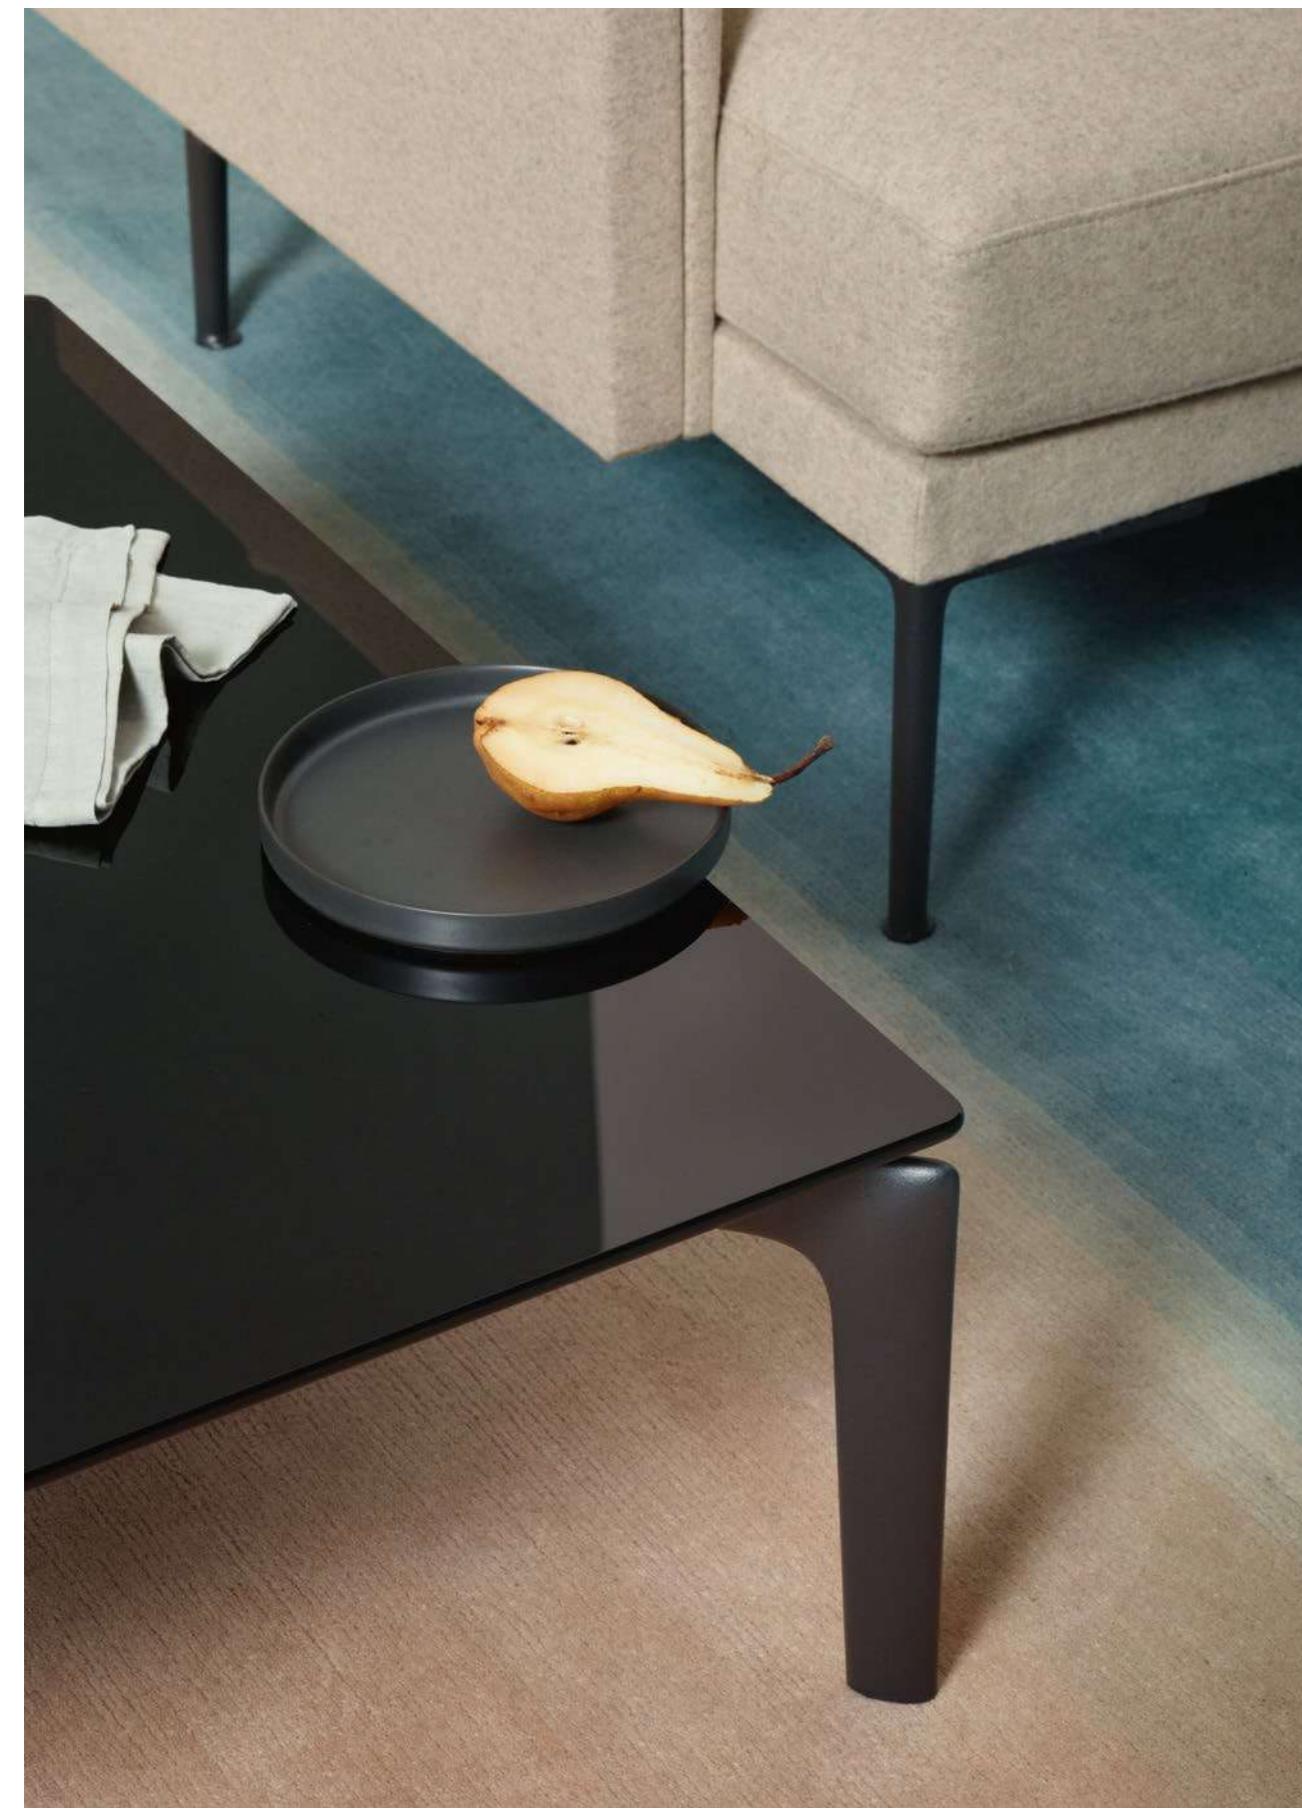

A trusty partner. Substantial, yet lightweight, Saul tables are allies and complements to the Arper collection of sofas and soft furnishings.

An expansive plane rests gently on sloping legs, conferring durability yet graceful sensitivity. Materially rich tabletop finish options of marble or silkscreened smoked glass lend tactile presence to this agreeable form.
